MEMORANDUM FOR: Director of Security

SUBJECT: Office of Security Legislative Relations  
(Senate Internal Security Subcommittee,  
John R. Norpel, Jr.)

1. The attached memorandum has been reviewed and we offer the following comments:

Paragraph 1.

The information provided by OLC was principally from foreign sources and concerned the international Communist involvement. As now written, paragraph 1 could imply the Agency's main concern was the domestic Communist involvement.

We recommend the word "international" be inserted before the word "Communist" on line 8.

Paragraph 2.

The source could perhaps be identified by the information provided.

We recommend that the source be merely identified as a "publisher" in the second sentence. The sentence would read: "As of September 1970, Norpel's source was a publisher."

Paragraph 4.

The only information from Norpel's source provided to the Office of Security by OLC concerned the alleged penetration of an Agency installation. This should be made clear.

We recommend this paragraph be revised to modicate when Norpel furnished OLC the information on the alleged penetration. The first and second sentences should be revised as follows:

~~CONFIDENTIAL~~

"In early 1972, Norpel provided information to OLC which he received from the confidential source. This most significant matter concerned the alleged penetration of an Agency facility..."  
(Continue remainder of paragraph 4.)

2. With the above changes, we concur in the submission of this report to the Review Staff and the Senate Select Committee.
